01

Now that you've got orders to fill.

02

One of the most challenging things to learn is how much shipping is going to cost.

03

Shipping can be a pain in the butt - shipping box choices and shipping costs are confusing.

04

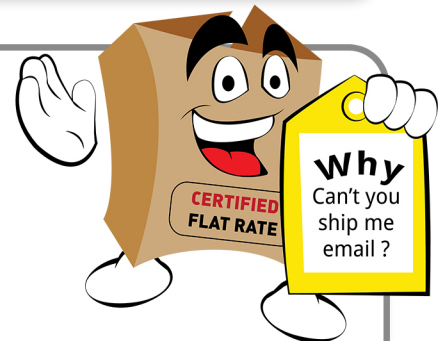

But there is a way to reduce the sting. At WizMe-

05

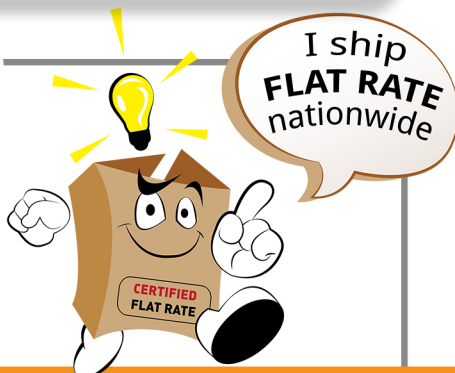

we've got our SHIP together. We believe that even when things are complicated,

06

shipping should be simple and reliable especially when it comes to **KNOWING YOUR RATE.**

07

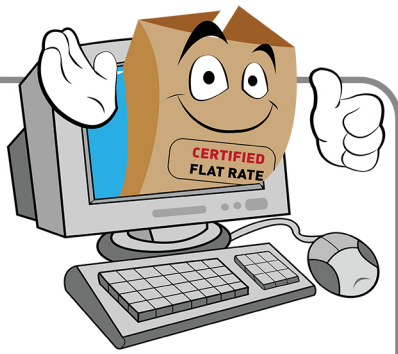

We've introduced WizMe **CERTIFIED FLAT RATE** - simple nationwide flat rate shipping.

08

With quick **COURIER DELIVERY** - never on someday.

09

Go online. Select the WizMe shipping box you need, from dozens of shapes, sizes and styles - from 500g to 25kg weight capacities.

10

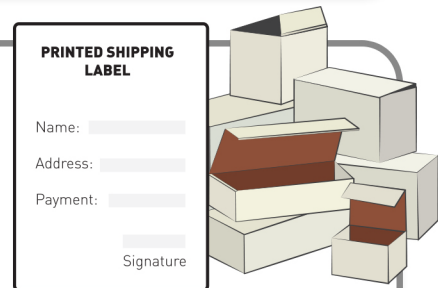

Safe in the knowledge that each box you buy is stamped CERTIFIED to whizz your stuff nationwide for a low predetermined FLAT RATE fee.

11

No weigh-in or measuring. No surcharges or hidden costs - only FREE benefits which include courier pickup from your place of business, insurance and signature on delivery.

12

When your orders are packed and ready to ship, go online to create, print and pay for shipping labels - selecting names and addresses from your private address book.

13

Our courier will collect from you morning or afternoon - for FREE - and your consignment will be on the way.

14

Your customers are advised by email immediately their order is dispatched, with tracking number and courier contact details.

15

And your customers will be thrilled with other great features including receiver not home notification and parcel return services.

16

Importantly - are our flat rate box and courier shipping prices any good? No. Our prices are bloody great!
